

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

Product Name: MER-KO PRIMER
 Product Code: MK-35
 Manufacturer/Supplier: WESTCOAT SPECIALITY COATING SYSTEMS
 4007 Lockridge St
 San Diego, CA 92102

Further information obtainable from: www.mer-ko.com
 Contact phone number: 844-537-7203
 In case of emergency, contact CHEMTREC: 800-424-9300

SECTION 2 - HAZARD IDENTIFICATION

Hazard pictograms (GHS-US): Irritant 

Hazard pictograms (GHS-US): Health Hazards 

Signal word (GHS-US): Warning

Hazard statement (GHS-US):
 H303 Can be harmful if swallowed
 H320 Causes eye irritation
 H335 May cause respiratory irritation
 H313 May be harmful in contact with skin

Precautionary statements (GHS-US):
 P402 Store in a dry place
 P280 Wear protective gloves/protective clothing/eye protection/face protection
 P302+P352 IF ON SKIN: Wash with plenty of soap and water
 P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
 P304+P341 IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing
 P301+P310 IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician

HMIS codes:

Health	1
Flammability	0
Reactivity	0
Protective equipment	B

Information concerning particular hazards for human and environment:

- May be harmful if ingested
- Dust may be irritating to eyes, respiratory system, and skin
- Not known to cause reproductive harm or birth defects
- Keep out of reach of children

Section 3 - COMPOSITION / INFORMATION ON INGREDIENTS

Chemical characterization

Dangerous components:			
CAS #	Name	Exposure Limit	
51200-87-4	4,4-Dimethyloxazolidine	none established	

Section 4 - FIRST AID MEASURES

General information:	n/a
After inhalation:	Remove to fresh air. If not breathing, give artificial respiration. If having difficulty breathing, give oxygen. Get immediate medical attention.
After skin contact:	Wash affected area thoroughly with soap and water. Remove contaminated clothes and launder before re-use.
After eye contact:	Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
After swallowing:	Do not induce vomiting. Get medical attention immediately.

Section 5 - FIRE-FIGHTING MEASURES

General information:	Water-based product.
Flash point:	n/a
Suitable extinguishing agents:	For the dried product, use carbon dioxide, dry chemical, or alcohol foam.
Hazardous combustion products:	Incomplete combustion of dried product can yield low molecular weight hydrocarbons, carbon monoxide, and carbon dioxide.
Protective equipment:	n/a
Firefighting instructions:	Respiratory equipment should be worn to avoid inhalation of combustion products. Water should not be used except as fog to keep nearby containers cool. Water may be used to cool closed containers to prevent pressure build-up and exposed to extreme heat.

Section 6 - ACCIDENTAL RELEASE MEASURES

Measures for environmental protection:	Keep spilled products out of sewers, streams, and water systems.
Measures for cleaning/collecting:	For dry material, collect by sweeping and scooping. Transfer collected material to a container, being careful to minimize creation of dust. For wet material, scoop material up and transfer to an open container. Allow material to dry before disposal.
Additional information:	See section 13 and section 15 for specific regulatory information concerning this product.

Section 7 - HANDLING AND STORAGE

Handling:	Wear appropriate protective equipment when working with this product. Promptly remove clothing wet with product mix, and launder before re-using. Wash thoroughly after exposure to product mixtures. Keep out of reach of children.
Storage:	Store in a dry location. Atmospheric temperatures and pressures do not affect the shelf life of this product. However, moisture contamination will render the product useless.

Section 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

Additional information about design of technical facilities: n/a

Ingredients with limit values that require monitoring at the workplace:

CAS #	Name	Exposure Limit
51200-87-4	4,4-Dimethylloxazolidine	none established

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH-approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Information Hotline at 1-800-424-LEAD or log onto www.epa.gov/lead.

Additional information:	The lists valid during the making were used as a basis.
Personal protective equipment:	
ventilation	Use local exhaust. General exhaust acceptable if the exposure to materials above is maintained below applicable exposure limits. Refer to OSHA Standards 1910.94, 1910.107, and 1910.108.
respiratory protection	If personal exposure cannot or may not be controlled below applicable limits by ventilation, wear properly fitted respirator approved by NIOSH/MSHA for protection against materials described above.
eye protection	Wear safety glasses to reduce the potential for eye contact.
skin protection	Prevent prolonged or repeated contact by using rubber gloves and appropriate protective clothing.

Section 9 - PHYSICAL AND CHEMICAL PROPERTIES

General information:	
form	Fluid
color	Blue
odor	Mild ammonia
pH	8.0-10.0
Change in condition:	
melting point/melting point range	32°F
boiling point/boiling point range	190-212°F
evaporation rate:	Slower than ether
vapor density:	Heavier than air
Specific gravity:	1.04
Solubility in/Miscibility with water:	dispersible
Density at 20°C:	8.68 lb/gal
VOC:	23 g/l (0.189lb/gal)

Section 10 - STABILITY AND REACTIVITY

Conditions to be avoided:	None known
Chemical stability:	Stable
Materials to be avoided:	None known
Hazardous polymerization:	Will not occur
Dangerous decomposition products:	Will not spontaneously occur. By fire - low molecular weight hydrocarbons, carbon dioxide and monoxide.

Section 11 - TOXICOLOGICAL INFORMATION

Acute toxicity:	n/a
Primary irritant effect:	
on the skin	Exposure of skin to product mix may cause chemical burns. Symptoms of exposure may take several hours to manifest.
on the eye	Exposure of eyes to product mix may cause chemical burns and blindness. Exposure to airborne dust can cause immediate or delayed irritation or inflammation.
through ingestion	May be harmful if ingested.
through inhalation	Dust generated during handling this product may cause irritation to the respiratory tract.
Additional toxicological information:	n/a

Section 12 - ECOLOGICAL INFORMATION

Elimination (persistence and degradability):	n/a
Behavior in environmental systems:	n/a
Mobility and bioaccumulation potential:	n/a
General notes:	n/a

Section 13 - DISPOSAL CONSIDERATIONS

Product recommendation:	This product must be disposed of in accordance with applicable local, state and federal regulations. Where possible, it is best to use up any excess material.
Uncleansed packaging recommendation:	Disposal must be made according to official regulations.

Section 14 - TRANSPORT INFORMATION

Land transport USDOT	Not classified as a dangerous good under transport regulations
Sea transport IMDG	Not classified as a dangerous good under transport regulations
Air transport IATA/ICAO	Not classified as a dangerous good under transport regulations

Section 15 - REGULATORY INFORMATION

US Federal regulations

CERCLA, section 103 (40CFR302.4)		
This product contains the following toxic chemicals that require notification of the National Response Center of releases of quantities of hazardous substances equal to or greater than the Reportable Quantities (RQ):		
No reportable quantities are present.		
Clean Air Act, section 112		
This product contains the following components present at or above the minimum level and listed as Hazardous or Extremely Hazardous Air Pollutants:		
No reportable quantities are present.		
SARA, section 302 (40CFR355.30) and section 304 (40CFR355.40)		
This product contains the following items that require emergency planning based on Threshold Planning Quantities (TPQ) or release reporting based on RQ:		
No reportable quantities are present.		
SARA, section 311/312 (40CFR370.21) Hazard classification for this product		
Fire: No	Pressure generating: No	Reactivity: No
Acute health: No	Chronic health: No	
SARA, section 313 (40CFR372.65)		
This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendment and Reauthorization Act of 1986:		
4,4-DIMETHYLOXAZOLIDINE	CAS #	51200-87-4
EPA VOC regulations		
Theoretical VOC for this product = 23 g/l (0.189 lb/gal)		
TSCA		
All components of this product are listed, or are exempt from listing on the TSCA inventory.		
OSHA		
This Safety Data Sheet is prepared to comply with the United States Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (29 CFR1910.1200). Unlisted ingredients are not 'hazardous' per OSHA standards.		
In addition to items listed in Section 11, this product contains the following items that are specifically regulated by OSHA. Exposure limits may be found in Section 8.		
No reportable quantities are present.		

State regulations

California Prop65
Warning - The following chemicals are present in this coating product in small amounts. These chemicals are listed by the California EPA as materials known to the State of California to cause cancer, (and/or) birth defects, (and/or) other reproductive harm:
No reportable quantities are present.

Section 16 - OTHER INFORMATION

Westcoat Specialty Coating Systems believes, to the best of its knowledge, the information contained herein to be accurate and reliable as of the date of this safety data sheet. However, because the conditions of handling, use, and storage of these materials are beyond our control, we assume no responsibility or liability for personal injury or property damage incurred by the use of these materials. Westcoat Specialty Coating Systems makes no warranty, expressed or implied, regarding the accuracy or reliability of the data or results obtained from their use. All materials may present unknown hazards and should be used with caution. The information and recommendations in this material safety data sheet are offered for the users' consideration and examination. It is the responsibility of the user to determine the final suitability of this information and to comply with all applicable international, federal, state, and local laws and regulations.
